Keep Going™ with

The OxyGo® family of Portable Oxygen Concentrators gives patients reliable oxygen—without bulky tanks!

- Airline approved
- Up to 6 intelligent pulse flow settings
- Lightweight, quiet and discreet
- Easy-to-replace batteries lasting up to 13 hours

www.oxygo.life

* Bluetooth available on OxyGo FIT POCs produced after 2/19 and OxyGo NEXT.

Is OxyGo® right for your patients?

ABSOLUTELY! Thousands of patients love the OxyGo family of Portable Oxygen Concentrators, and so will yours.

With their compact size, light weight, and long battery life, you can clearly see how OxyGo outperforms all other concentrators on the market. What makes OxyGo POCs so unique is their extremely high reliability rate, outstanding warranty, and innovative design that reduces unit down-time.

OxyGo keeps patients going—plus local provider support to ensure they get the best care.

As a family-owned and operated company, we believe the highest quality of care comes from the highest quality product—plus close interaction and monitoring.

We provide the highest quality product, but realize that local providers will be able to offer patients much more dedicated attention and service. That is why we do not sell OxyGo or its accessories directly to patients.

This “teamwork” mentality clearly makes OxyGo the right choice to keep patients' oxygen needs satisfied, along with giving them the high standard of care they deserve. OxyGo POCs are the same patient-demanded, reliable concentrators as seen on TV—backed by the care and attention of the patient's local provider.

OxyGo NEXT™

7.19" x 3.26" x 8.15" 4.7 lbs.

OxyGo NEXT is the next generation of portable oxygen. It has user-replaceable batteries and sieve beds, and an easy to read LCD display with simple controls. And it can be charged at home or on the go—giving your patients the freedom to embrace what's NEXT!

- 6 Pulse Flow Settings (1260 ml/min)
- Up to 13 hour battery life*
- Only 38 dB. at setting 2
- 5-year unit warranty; 1-year on sieve beds & battery

1400-3000
1400-3000-16 (system with double battery)

OxyGo FIT™

5.9" x 2.7" x 7.2" 2.8 lbs.

OxyGo FIT will operate for almost 3 hours using a standard, user-replaceable battery and sieve beds. It also has an optional larger battery, which will power the unit for up to 5 hours* and adds less than one-half pound in weight.

- 3 Pulse Flow Settings (630 ml/min)
- Up to 5 hour battery life*
- Only 40 dB. at setting 2
- 3-year unit warranty; 1-year on sieve beds & battery

1400-2000
1400-2000-8 (system with double battery)
