**\*\*Feel free to dress up too!\*\***

Try this at home: Give you child 10 lima beans.

- 1) Challenge your child to make sets of 2 and sets of 5. Each time, ask, How many pairs (or groups) do you have?
- 2) Have your child create patterns with their beans. Can they make an AB pattern? How about an AAB pattern?
- 3) Write a numeral on chart paper and have them count out that number.
- 4) Pose simple addition and subtraction challenges, such as Make a set of 3 or 4. Put them together. How many in all? Or, Make a set of 9. Take 3 away. How many are left?

If you would like to donate a box of Kleenex, paper towels or a bottle of Clorox Anywhere Sanitizing Spray to your child's classroom, we would put it to good use.
