"We needed some serious repairs on our vehicle. The entire staff at Weber's were incredibly helpful- from diagnostic work all the way through the finished repairs. They were 100% correct in diagnosing the problem, had very fair prices, & were efficient & helpful throughout the entire repair process. The staff is really knowledgeable & kept me informed. We are glad to have found them!"

- Suzie M

"The people at Weber Automotive are great & our vehicles are done right & even quicker than they tell us . It really is honest & fair auto repair!!"

- Dave Leheney

"If civilization is to survive, we must cultivate the science of human relationships - the ability of all peoples, of all kinds, to live together, in the same world at peace."

Manager's Minute...

I hope everyone enjoyed the holidays & time with their families.

I know for me, this is the part I enjoy the most. It seems that we get so busy with work, household responsibilities, parenting, etc., that relaxing & just visiting & appreciating our loved ones doesn't happen often enough. Some of you may know that my mother,

Gabriele, was an integral part of Weber Automotive from its beginning in December of 1995 until just before Christmas 2013. She was the smiling face at the counter greeting customers & also the not so smiling person pointing salesmen to the door. She was born & raised in Germany & this year finally, after years of talking about it, we went back to Germany for Christmas as a family. I'm grateful that my two sons were able to have the experience & also to have the family history lesson about my mom's youth directly from her where it happened.

Welcome 2019! Now that the holiday season is behind us, we have to all get back to our routines & work diligently on our New Year's resolutions. For many of us, the turn of the New Year is like a reset & an opportunity to get after some things on our to do lists that we recently added, or maybe we didn't get a chance to do last year. There is a saying I like, "Whether you think you can or you can't, you're right." I sincerely wish you all a healthy, happy, & prosperous 2019, & that you can scratch some big items off of your list.

-Bryan Weber

UNDER INFLATION IS THE LEADING CAUSE OF TIRE FAILURE!

Important Tire Safety Facts

- Under-inflated tires use 10-15% more fuel. That can mean 30 to 50 cents more per gallon, every time you fill up!
- On average, 3 out of 4 drivers wash their car every month. Only 1 out of 7 will check tire pressure!
- A tire can be as much as 50% under-inflated before it is visibly noticeable.
- Over 70% of drivers never check the pressure in their spare tire.
- 40% of drivers haven't rotated their tires within the recommended interval of at least every 8,000 miles.
- More than half of all drivers wrongly believe that the correct tire pressure is printed on the sidewall of the tire.

The importance of properly maintaining your tires can't be overemphasized.

When was the last time you checked your tires?

THANK YOU to everyone who participated in our toy drive to benefit the Jeremy Cares Christmas delivery to Rainbow Babies & Children's Hospital. As you can see, our box is full of toys to give to the little ones forced to be in the hospital for the holidays. Please check out our Facebook page for photos of the delivery. Your generosity is greatly appreciated!!

TOTALLY TRIFLING TRIVIA!

Where did the earliest recorded festivities to honor the arrival of a new year take place?

Answer • 4,000 years ago in Babylon

The first recorded festivities to honor the arrival of a new year date back to the

Babylonians some 4,000 years ago. The celebration began with the first new moon after the spring Equinox. This comes every year in late March when the Earth receives an equal

amount of sunlight & darkness. The Babylonians marked the new year with an enormous 11-day religious festival called Akitu filled with a variety of rituals. It wasn't until 46 B.C. when Roman emperor Julius Caesar implemented the Julian calendar that the tradition of celebrating the new year on Jan. 1 began.

To honor the first patent for a gas driven car issued to Karl Benz on January 29, 1886, here's a few "jokes you auto know..."

Confucius say, a man who runs in front of a car will get tired, but a man who runs behind a car will get exhausted.

A Texas rancher was visiting a farmer in the Midwest. While showing him around, the farmer bragged, "Here is where I grow tomatoes, cucumbers, and squash. Over there I built a play set for my kids, next to the doghouse." The land was tiny, and the Texan was surprised by its small size. "Is this all of your land?" he asked. "Yes," the farmer said proudly. "It's all mine!" Holding back a chuckle the Texan smugly replied, "Well, son, back in Texas I'd get in my car before the sun'd come up and I'd drive and drive and drive, and when the sun set, why, I'd only be halfway across my land!" "Oh, yes," replied the farmer wistfully, "I used to have a car like that."

Q: What do you call a VW bus at the top of a hill?

A: A miracle.

Q: How do you double the value of a Chevy?

A: Put gas in it.

Q. What did the store employee say when the customer said, "I'd like a set of wiper blades for my Kia?"

A. "Sounds like a fair trade to me."

An elderly man was driving his Buick down the freeway when his cell phone rang. Answering, he heard his wife's voice urgently warning him, "Herman, I just heard on the news that there's a car going the wrong way on I-280.

Please be careful!" "I will. But it's not just one car," said Herman. "It's hundreds of them!"

CHEDDAR CHEESE SOUP!

Our creamy cheddar soup is easy to prepare & makes a satisfying light lunch or dinner on any day during the cold winter months! Makes 4 servings.

INGREDIENTS

- 4 tablespoons salted butter
- ½ cup sifted unbleached all-purpose flour
- 2 cups milk, heated
- 2 cups half-and-half or reduced-fat chicken broth, heated
- 1½ cups sharp cheddar cheese, diced
- ½ teaspoon dry mustard
- ¼ teaspoon each salt & ground black pepper
- Crumbled bacon or chopped hard-boiled egg for garnish (optional)

**JANUARY 20TH
IS NATIONAL CHEESE
LOVER'S DAY!**

DIRECTIONS

- **MELT** butter in a large saucepan over medium-low heat. Gradually stir in flour, making smooth paste. Cook, stirring, for about 5 minutes.
- **WHISK** in hot milk, cream or chicken broth & mustard; continue stirring until soup thickens and comes to a simmer. Remove from heat & add cheese. Stir just until cheese is melted.
- **SEASON** with salt & pepper. Served topped with crumbled bacon or chopped egg if desired.
